In the Iowa Supreme Court

CLERK	SUPREME	COURT
-------	---------	-------

In the Matter of Adoption of)	
Amendments to Division III,)	
Professional Regulation,)	Order
of the Iowa Court Rules)	

The Iowa Supreme Court adopts amendments to the chapters in Division III of the Iowa Court Rules governing professional regulation. The office of professional regulation proposed amendments to chapters 31 and 34–49 of the court rules. By far the majority of the proposed amendments are technical or nonsubstantive in nature and bring consistency of style, format, and clarity to the chapters in Division III of the court rules. The office of professional regulation did identify a relatively small number of proposed amendments that it considered more substantive rather than stylistic or technical in nature. These proposed amendments were highlighted when the court submitted the proposed amendments for public comment in September.

The court appreciates and carefully reviews comments that attorneys, organizations, and members of the public provide to proposed rule amendments. After this review and further consideration of the proposed amendments, the court has agreed to adopt the amendments to Division III of the court rules as provided with this order. Also provided with this order for convenience of users of the court rules is the table of adopted amendments that the office of professional regulation identified as more substantive rather than stylistic or technical in nature.

These amendments to Division III of the Iowa Court Rules governing judicial branch professional regulation are effective January 1, 2018.

Dated this 13th day of December, 2017.

The Iowa Supreme Court

By Man S. Cady, Chief Justice
